Node.js, Express .

Databases:

MongoDB, MySQL .

GIT & GitHub .

Additional Skills:

Video editing , Photo editing .

Personal Details

Date of Birth: 26th May 2004 ;

Languages Known: Hindi & English ;

Address: Bhopal, (M . P) ;

Profile Summary

I am Anshul Chaurasiya, a passionate and driven MERN STACK developer currently pursuing a B.Tech in Computer Science from LNCT Bhopal. I have completed my polytechnic diploma in Computer Science in 2024 from Dr. B.R. Ambedkar Polytechnic College, where I gained strong foundational knowledge in programming, web development, and software engineering. During my diploma, I successfully completed several projects, demonstrating my proficiency in the MERN stack, PHP, MySQL, and more. I am now focused on honing my skills further in B.Tech and applying my knowledge to real-world challenges, with a particular interest in front-end development and MERN stack projects.

Project Experience

Rentastic - Car Rental Website ;

Technologies: PHP, CSS, HTML, MySQL ;

- ✓ Built a fully functional car rental platform with user-friendly interfaces for customers to browse, book, and manage car rentals.
- ✓ Developed backend logic using PHP for handling user requests, car availability, and booking management.
- ✓ Utilized MySQL for database management, ensuring data integrity and efficiency in handling user and vehicle data.

<http://rentastic.rf.gd/>

MERN Stack Project (Built with Vite + React, Node.js, Express) ;

Technologies: MongoDB, Express, React, Node.js, Vite ;

- ✓ Developed a dynamic web application using the MERN stack, focusing on efficient front-end and back-end communication.
- ✓ Integrated MongoDB to store and manage user data, and set up API endpoints with Express and Node.js for backend operations.
- ✓ Deployed the backend code to Render.com for live demonstration and testing.

Portfolio Website ;

Technologies: React , Vite HTML, CSS, JavaScript ;

- ✓ Designed and developed a personal portfolio website to showcase my skills and projects.
- ✓ Implemented a responsive design to ensure optimal viewing on various devices.
- ✓ Used modern CSS techniques for styling and JavaScript for interactive features.
